

Nutribio's Garden Care Range

In addition to producing top end of the Market Animal Vitamin and Mineral supplements Nutribio also offer you two high quality garden care products the Range includes Nutribio's Moss Remover and Nutribio's Titan Organic Soil Conditioner

Nutribio's Titan Organic Soil Conditioner

Nutribio are proud to offer you a premium, 100% Organic Garden Care Product called Titan Organic Soil Conditioner. The product is made from 100% Organic Seaweed and can be used in a number of different ways to enhance the quality of your soil. While primarily a grassland top-dress the product is a very useful and beneficial addition to a seed bed or as a soil conditioner in laying new lawns where soil structure has been damaged.

Nutribio's Moss Remover

Moss Remover - Lawn granules' is a new product from Nutribio 'Garden Care'. It contains Ferrous Sulphate Heptahydrate to ensure the following benefits:

Kills Moss Rapidly:
Applications of Moss Remover lawn Granules kills moss quickly. Killing the moss gives the lawn a chance to grow back

Helps Keep Lawns Healthy:
Lawn moss is a common problem in many areas. Moss thrives in damp, shady lawns where drainage is poor. Under these conditions moss can spread. Moss can take over a lawn if steps are not taken.

More Iron & Less Mowing
Moss Remover Lawn Granules contains iron to kill moss and green the grass. Because no fertilizer is used you get the moss control without excessive growth that requires frequent mowing.

This product should be applied from late Spring to early Autumn. After about 2-3 weeks the moss will have turned black and died. It can then be raked out.
